PROFILE

I am a stress-resistant woman who always tries to help whenever I can. When I am in a stressful environment, I stay calm and rational, I can deal well with pressure. I enjoy front-end development and have a love for animals. My hobbies include teaching flyball, agility, gaming, horseback riding and coding.

EXPERIENCE

Instructor flyball

2022 – present

I am a volunteer at KC Kennemerland where I teach a flyball course with my sister. I do this 2 days a week with 3 different classes.

Tasks: guide dogs, give instructions, work with maybe difficult or shy dogs, guide owners

Courtyard by Marriott

March 2023 - present

I work in a restaurant at hotel courtyard owned by the brand Marriott. At courtyard I have to uphold company standard and interact with guests. When guests are staying for longer periods, it is my job to build relationships with them and make them feel welcome. I also must stay calm under pressure and set priorities.

Tasks: remember orders, bring plates to the right tables, make drinks, help wherever necessary
